Rotherham's Advanced Manufacturing Park has seen a 1.8m research and development facility built for Japanese precision engineering firm Nikken Kosakusho Europe Ltd.

This world class facility will serve as a hub for Nikken's operations across Europe.

The works comprised:-

- Closely working with Architects Bond Bryan and the client to design the reception counter.
- Fabricating the cutting edge design.
- Finishing to a high gloss finish.
- Site installation.
