Sheffield United Football Club

Working closely with the client our brief was to replace the old, dated and inhospitable ticket office, reception area and boardroom with a light airy modern design geared to enhance the customer experience, incorporate disabled friendly service points and create increased sales potential - all within a somewhat limited floor space. Preparing the club for the next level.

The works comprised:-

- Bespoke Joinery.
- CNC Fabrication.
- Corian® Machining.
- Thermoforming.
- Sublimation.
- Site Installation.
