## Tofts Café Bar

**Tofts, on the corner of Newlands Avenue and De Grey Street has built a reputation as a high quality café bar. The launch of a plush first floor function suite has created a venue that is unique in the area, offering everything from conference to rock concerts.**

Providing a full fit out service Whiteheads have worked with Darren and Helen Kaye on all their projects over the last 10 years and have built a unique client / contractor relationship. This particular project needed to be robust with a level of comfort that catered for everything from conferences to rock concerts.

The stylish Art Deco bar with its curved shaped and formed laminated frontage and backfitting, elegantly combined with the existing decor to provide an extremely popular and unique venue in the area.

### **The works comprised:-**

- Manufacturing of the Art Deco style bar and backfitting with a curved decorative laminate frontage, hardwood counter top and skirting.
- Working with the clients to achieve their design brief.
