Virgin Trains, Birmingham

Virgin Trains has unveiled its vision for the station of the future. In a radical new open plan design, Birmingham International's new state of the art ticket office has been transformed, the traditional ticket office window is now a thing of the past. In their place a "Welcome Desk" supported by integrated service pods, user friendly information screens, improved ticket machines and touch screen information points.

The works comprised:-

- Close collaboration with the architect at design stage.
- 5 axis CNC fabrication to provide the faceted design.
- Key features included—integrated flip top iPads and retractable and lockable lap top units.
- Site installation.
- Glacier White Corian®.
