# 20 Chapel Street - Liverpool

WCI Design

## 20 Chapel Street – Liverpool

**With an established occupier mix including Ernst & Young, Fujitsu, Barclays and Liverpool Football Club; 20 Chapel Street’s comprehensively re-designed reception was always going to be an eye catching focal point.**

Forging a working relationship with designers White Design and Preferred Spaces we were able to take their digital images and turn them into reality, delivering a stunning reception space.

The raindrop design backlit Corian wall creates the main feature with a sleek yet functional reception counter in front, providing a modern but informal co working space that matched the needs of the tenants in an ever changing environment.

### **The works comprised:-**

- Close collaboration with design partners.
- 5 Axis CNC fabrication.
- Specialist LED lighting.
- Construction of Corian® feature wall and reception desk.
- Site installation.
