Stanley Street Sports & Social Club

When severe weather caused flooding to Stanley Street Sports & Social Club, only the quick reactions of staff averted a complete disaster, with the Lounge Bar taking the brunt of the damage.

Having previously built a 25 year working relationship with Stanley Street, it was no surprise when the current committee contacted us for our advice and expertise which we were more than willing to give a helping hand to put the Lounge Bar back together as quickly as possible.

As part of the new contemporary and fresh feel we were aiming for, we selected a collection of stylish colours for the major upholstery works and chairs and a complimentary photo wall added a unique focal point to the room.

The works comprised:-

- Completely re-upholstering the existing fixed seating; changing the style to a plain head roll with a 300 wide fluted back and plain cushion seats in a warm and vibrant selection of contemporary fabrics.
- A new selection of Ritz armchairs selected by the clients with complimentary fabrics, put the finishing touches to a fabulous scheme.
