AMRC – University of Sheffield

Creating an impression at the University of Sheffield’s new state of the Art Centre of Excellence for Engineering and Manufacturing; Whiteheads have fabricated and installed the feature external façade and internal wall cladding to the newly created main entrance into the facility.

Using Corian Glacier White, with the University of Sheffield coat of arms routed into the front face and backlighting the design, it will provide a warm welcome for both students and visitors alike.

The works comprised:-

- Fabrication of both internal wall cladding and external entrance façade
- Face routing the University coat of arms and logo’s into the Corian
- Backlighting the logo’s with LED’s
- Site installation

Client

The University of Sheffield
