Embassy Theatre—Skegness

Working alongside Magna Vitae and the Theatres management team, Whiteheads took centre stage designing and installing the new bar servery counter and backfitting as well as providing the furniture for this major new investment at the East Coast venue.

A redundant space on the theatres third floor has been totally transformed into a high end bar, entertainment and luxury seating area with a décor that transports you back to the days of sophisticated Hollywood glamour.

The works comprised:-

- Providing design assistance for the bar servery
- Bespoke joinery manufacture for the bar and backfitting
- Supply of the contract furniture for the project – tables, chairs and settee's
- Polishing and upholstery works
- Site installation.
